

SystemHandle::getValue

```
graph LR; A[SystemHandle::getValue] --> B[SystemImplementation::getValue]
```

The diagram consists of two rectangular boxes connected by a blue arrow. The left box is white with a black border and contains the text 'SystemHandle::getValue'. The right box is gray with a black border and contains the text 'SystemImplementation::getValue'. A blue arrow points from the right side of the left box to the left side of the right box.

SystemImplementation
::getValue
